Savings on accounts payable-related costs

### Customer Quote:

"A key benefit, which we thought would be soft money every year, is that we can identify \$20,000-\$30,000 in savings from vendor invoicing errors. It's identified with the purchase order matching and approval process within SAP Concur. We are saving... It's been unbelievable...when it happens, we may find a \$20,000 error that previously might have gone undetected and would have been paid."

### Annual Average Benefits per 1000 Invoices Implemented

- 46%** More efficient invoice handling staff
- 75%** Less up
- 45%** More efficient accounts payable teams
- 13%** Faster

### Customer Quote:

"There's a higher level of visibility...that there's more control in the...company policies brought into...of day...there are things from a...startup point that really helped drive new revenue. Because of the new revenue we've won, we've...purchasing...program..."
